

IR 3200

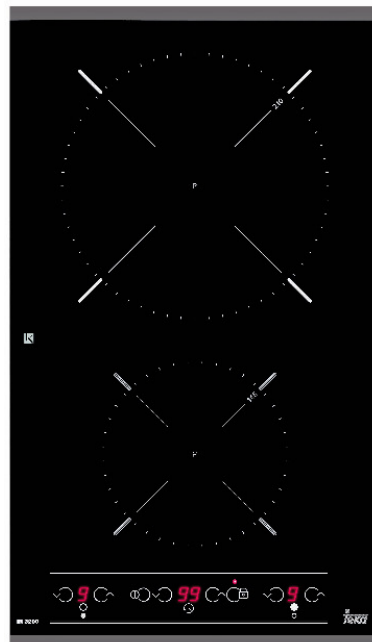

Built-in Induction Hob

Product description

- Beveled glass
- Modular induction hob
- Slider touch control panel
- Cooking time programmer
- Independent programmer of each cooking zone
- Power Plus Function
- Pan optimization system
- Pan detector
- Low temp function
- Security blocking
- Residual heat indicators
- 2 cooking zones:
 - 1 induction Ø 145 mm
 - 1 induction Ø 210 mm
- Total nominal power: 3.200 W

- Country of origin: Turkey

External Dimensions

- W 300 mm
- D 520 mm

Electric Connection – Technical Features

Cable length (cm)	110
Power supply (v)	230
Maximum nominal power	3200
